

### REMARKS

This R. 312 amendment is responsive to the Notice of Drawing Inconsistency mailed 10/28/09. Through a typographical error, the Applicant had not described Figures 7H, 7I, and 23B in the brief description of drawings section of the specification. Thus, this section is amended to include a description of these figures. No new matter is added: for example, the mastering process of Figure 7I is described in the specification starting on page 36, line 19. The creation process of Figure 7H is described in the specification starting on page 38, line 19. Finally, the authoring process of Figure 23B is described starting on page 85, line 23. Accordingly, entry of this amendment is proper under Rule 312.

If the Examiner has any questions or concerns, a telephone call to the undersigned at (949) 752-7040 is welcomed and encouraged.
